

Update on the RNZRSA COVID-19 fund

The Royal New Zealand Returned and Services' Association (RNZRSA) received a Government grant of \$2 million in September 2020.

Due to the large number of applications, RNZRSA are now only accepting urgent applications for financial assistance.

The RNZRSA COVID-19 Fund provides support to serving and ex-serving members of the New Zealand Defence Force, and whānau, who are facing urgent financial hardship as a result of the COVID-19 pandemic.

To find out if you or someone you know is eligible for urgent financial assistance, check out the RNZRSA website.
